How to load Fundamentals and PMER when using Chrome

Our online lessons use Flash Player and Chrome blocks Flash Player. So in order to play the lessons, you will need to through this process every time you run them.

Go to the Fundamentals lesson you are trying to load and Click on the lock icon:

Click on the drop down menu for Flash or if Flash option is not showing Go to Site settings:

On both images below you can see Flash - Choose “Allow”:
Then you have to Reload your page to have the changes you made take effect:

And now your Fundamentals and/or PMER lessons should load! If they do not, please contact Sara Bracewell for help, sbracewell@cvt.org.
